## **Screen Goo Asia signs Exclusive Korean Distribution Agreement with Gamitech**

**Las Vegas, Nevada, USA, January 4, 2009** – Goo Systems, Screen Goo Asia and Gamitech, Inc. are pleased to announce the signing of an Exclusive Distribution Agreement which will make all Screen Goo products available in Korea through Gamitech, Inc.

“We are pleased to sign this agreement with Gamitech” said Chris Cladis, Screen Goo Asia General Manager. “Having Gamitech as a Screen Goo customer first, we were impressed with their range of knowledge in the AV business, especially in the tough jobs where ingenuity, expertise and creative imagination are required.”

When asked to comment, Jerry Kim, President of Gamitech said “We are also happy to handle Screen Goo products in Korea. Screen Goo is so versatile when it comes to irregular size or shape screens that there is nothing else around on the market (that is good enough) that we could have used. The sky is the limit as far as what visual stages one can set up with Screen Goo”.

Screen Goo is a specially formatted, highly reflective acrylic paint, designed specifically for the Video Projection industry. Screen Goo acrylic paint transforms any smooth paintable surface into a high performance projection screen.
