Screen Goo Asia signs Exclusive Thai Distribution Agreement with Thai Screen Central

Las Vegas, Nevada, USA, February 19, 2009 – Goo Systems, Screen Goo Asia and Thai Screen Central are pleased to announce the signing of an Exclusive Distribution Agreement which will make all Screen Goo products available in Thailand exclusively through Thai Screen Central.

“We are pleased to sign this agreement with Thai Screen Central” said Chris Cladis, Screen Goo Asia General Manager. “We quickly bonded with this newly formed company and its management from the very beginning. They seemed to quickly get the idea as to what Screen Goo brings to the market as far as its ingenuity, flexibility and cost-factor advantages over other solutions and they approached the product from its unique angle right away. We think they will be very successful in promoting Screen Goo in Thailand. ”

When asked to comment, Mr. Suriya (Teddy) Sakonsathien, President of Thai Screen Central said “We are extremely happy to handle Screen Goo products exclusively in Thailand and have done some eye-popping projects with it already some of which can be seen at <http://www.thaiscreencentral.com/local-project.html>. Thailand is a fertile ground for new-generation AV solutions such as Screen Goo and we intend to make a big difference in the way High Definition Projection is handled screen-wise. There is no better surface to put a high quality video picture onto than Screen Goo. Whites are really clean and bright and blacks are deep and solid”.

Screen Goo is a specially formatted, highly reflective acrylic paint, designed specifically for the Video Projection industry. Screen Goo acrylic paint transforms any smooth paintable surface into a high performance projection screen.
